Dear Dennis,

Here is a copy of the invoice for the window that was broken during shipment. I finally got it replaced. Thank you for agreeing to reimburse me for this.

The house is doing great – we could not be happier with it. Please ask Fergy if he still wants pictures of the house (I think he wanted some to show potential buyers). I would be happy to send him some.

Thanks again for all you guys did – if you ever have someone in my area that wants to see an “ME-19”, send them my way.

Thank you,

Frank J. Komin
